Linkages with other government programmes 17

INTRODUCTION

For the successful involvement of local communities and sustainability of the natural ecosystems, it is necessary to ensure community mobilisation and capacity building. The motivation for volunteering among the members of local communities vary along a spectrum of anthropocentric view, where the value of resources is based on their utility to humans, to ecocentric view, where the resources have their intrinsic importance regardless of their value to humans.

The feeling of belongingness, onus and value of various resources tends to increase when the volunteers are members of local communities and are dependent on natural systems for their livelihood. This sense of responsibility has been the inspiration behind the initiative taken by the Wildlife Institute of India (WII) under its National Mission for Clean Ganga (NMCG) funded project "Biodiversity and Ganga Conservation" for involving the local communities along the banks of the Ganga River as Ganga Praharis, in the efforts to conserve the river as well as its biodiversity.

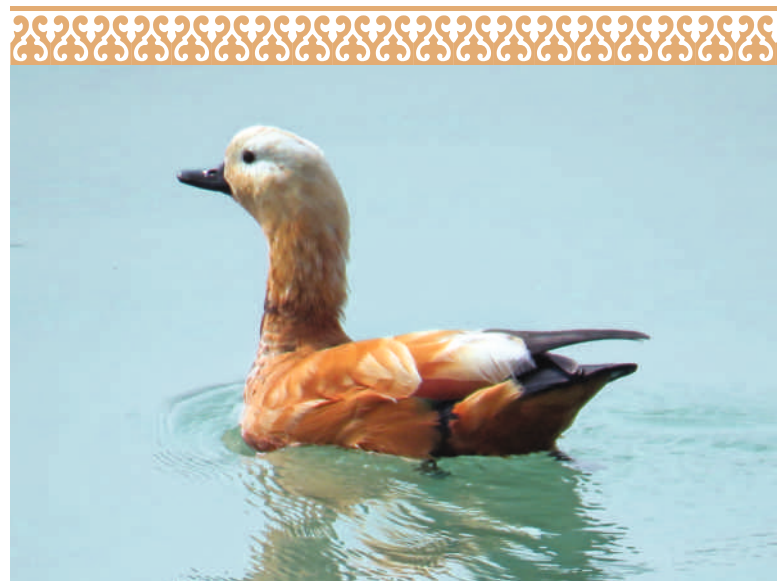

Shri Siddhart Nath Singh, Hon'ble Health Minister, Uttar Pradesh Government inaugurating the NMCG pavilion at Kumbh Prayagraj

INVOLVING GANGA PRAHARIS IN KUMBH MELA 2019

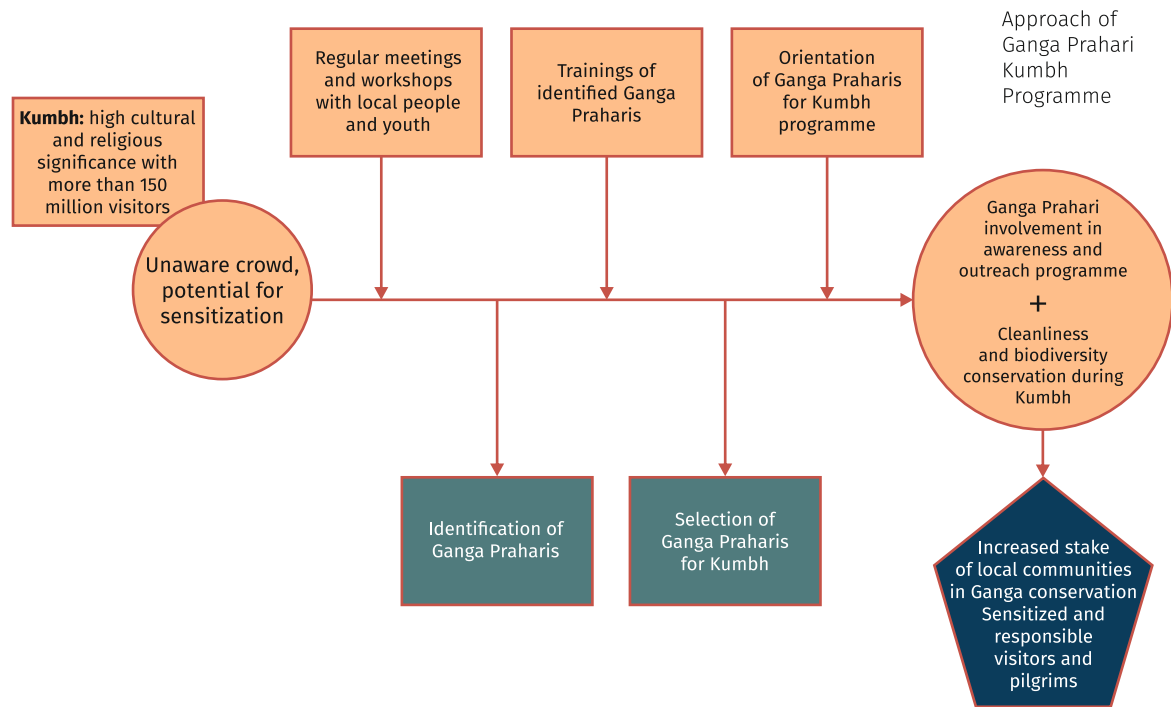

The Kumbh Mela was celebrated between 15th January and 4th March 2019 at Prayagraj. Approximately 150 million people visited the Kumbh Mela. This was a huge platform for reaching out to the public to spread awareness about the benefits of a clean Ganga and its biodiversity.

149 Ganga Praharis from Uttar Pradesh were mobilized to participate in the Kumbh mela.

These Ganga Praharis assisted the WII-NMCG team, Prayagraj Mela Authority and the Ganga Task Force (GTF) in:

1 **Rescue and rehabilitation of aquatic wildlife in distress.**

2 Creating mass awareness regarding the initiatives taken by NMCG and WII for Ganga conservation.

3 Providing logistic support such as cleaning Ghats and mela grounds, make visitors aware about cleanliness and sanitation help women and children by guiding them to shelter camps and providing first aid in the event of any emergency.

ORIENTATION OF GANGA PRAHARIS FOR KUMBH MELA

The WII organized two three-day orientation workshops for the Ganga Praharis at Prayagraj and Varanasi, Uttar Pradesh, prior to the commencement of the Kumbh Mela. The workshops were organized from 11th to 13th January 2019. At Prayagraj, 30 members of GTF also participated.

The goal of these workshops was to brief the Ganga Praharis about their role in the Kumbh Mela, as designated guardians of the Ganga River. The importance of biodiversity and the critical role of Ganga Praharis in maintaining river's integrity were reiterated.

Ganga Praharis and members of GTF were familiarized with the Kumbh Mela grounds and important locations. They were trained in conducting awareness campaigns, cleanliness drives, rescue and rehabilitation operations and biodiversity survey as well as precautions to be taken during these activities. Participants visited the Arail Ghat on the banks of Yamuna River, where they participated in cleanliness drive. They also visited the Parmarth Niketan complex in the Kumbh Mela premises, where interactive discussions were conducted with Swamini Adityananda and Swami Chidananda Saraswati ji. Motivated and charged, the Ganga Praharis took cleanliness pledge along with the visitors and workers of Parmarth Niketan and staff of GTF.

Similar trainings were conducted for all the Ganga Praharis at their respective sites, i.e. Narora, Kannauj, Farrukhabad. A group of Ganga Praharis from Varanasi were trained in performance of street play and songs. Three play scripts were developed for them to be performed during Kumbh.

DEPLOYMENT OF GANGA PRAHARIS

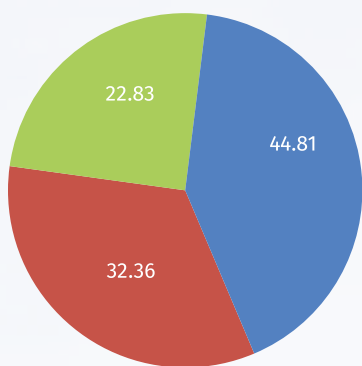

Ganga Praharis from six districts of Uttar Pradesh were selected on the basis of willingness to participate in Kumbh Mela Programme. The Programme was conducted in collaboration with Kumbh Mela Management Authority, Ganga Task Force and Parmarth Niketan. At any given time one group of Ganga Praharis were deputed with each of the above agencies.

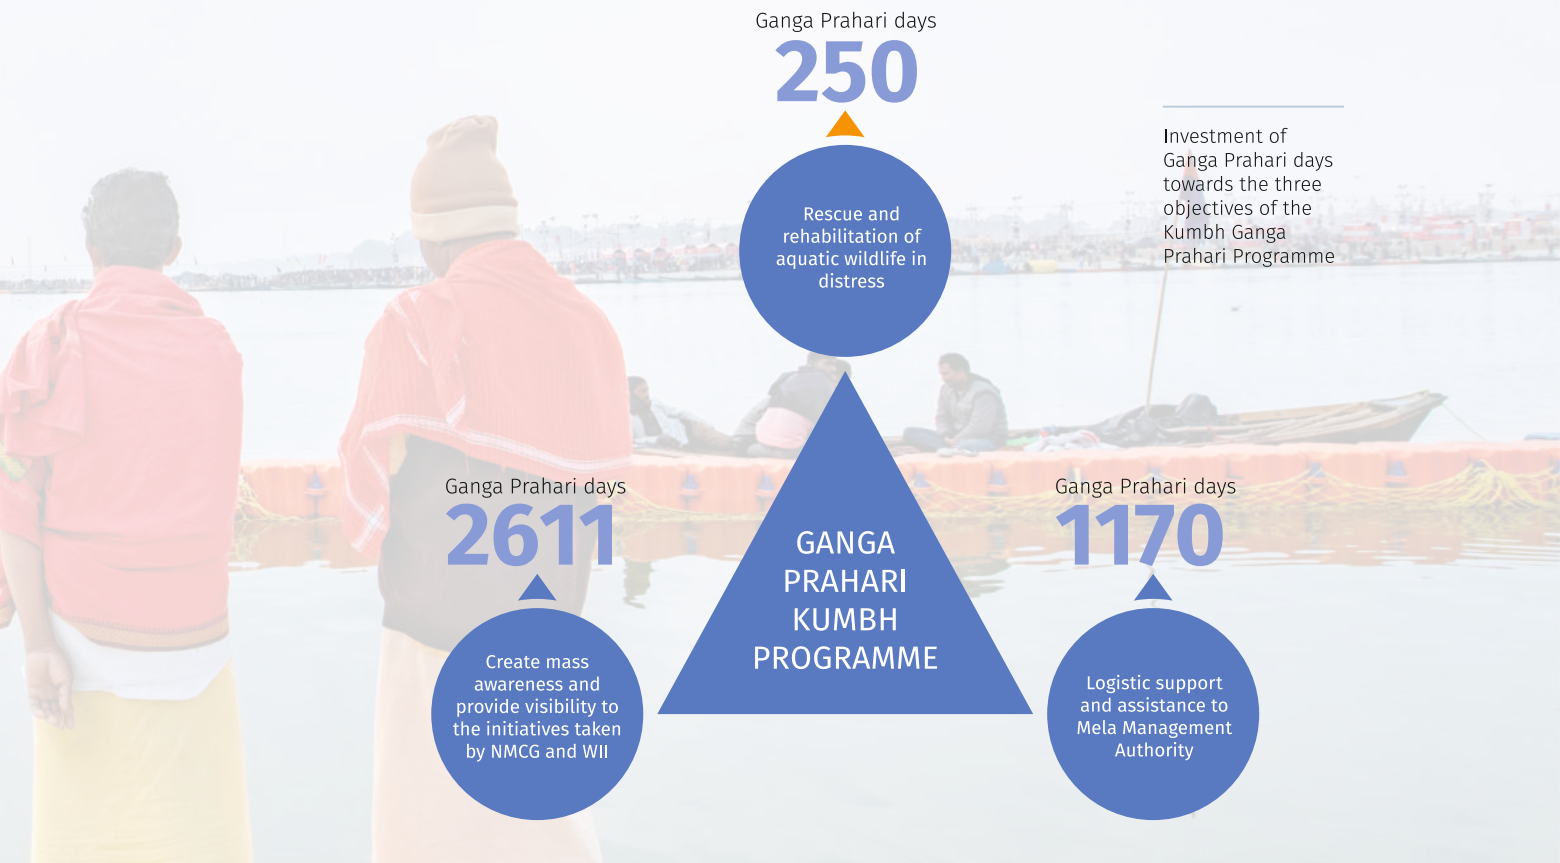

Ganga Praharis were deputed in the Kumbh Mela on rotational basis, and were deployed in the Mela premises viz., NMCG pavilion, Parmarth Niketan, Sangam and the Ghats of Ganga and Yamuna Rivers. A total of 2997 Ganga Prahari days were invested, of which 2611 were spent during Kumbh, 316 during training and 70 at Varanasi during preparation of souvenirs to be distributed at NMCG pavilion. Out of 2611 Ganga Prahari days at Kumbh Mela, 44.81% were invested at Ghats in Kumbh Mela ground followed by NMCG pavilion (32.36%) and sector 18-Parmarth Niketan (22.83%).

ACTIVITIES BY GANGA PRAHARIS DURING KUMBH MELA

Each location had a dedicated team of Ganga Praharis, who were involved in multiple activities aimed at a clean Kumbh and conservation of aquatic biodiversity of Ganga River. These activities may be categorised as outreach activities such as awareness rallies in and around Kumbh Mela ground, guiding and helping visitors, performance of street plays and distribution of awareness material among visitors and pilgrims, cleanliness and sanitation drives, and biodiversity conservation efforts including rescue of stressed aquatic animals and regular biodiversity surveys.

Outreach activities

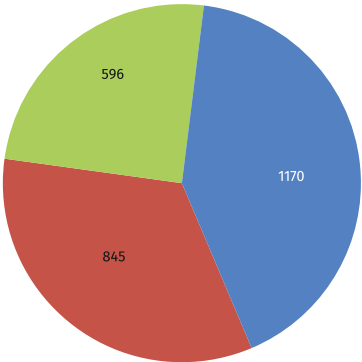

Outreach activities to make pilgrims and visitors aware about the biodiversity and cleanliness of the Ganga River was one of the major mandates of the Ganga Prahari Kumbh Programme. A total of 128 awareness campaigns were conducted and 2611 Ganga Prahari days were invested at NMCG pavilion and Kumbh Mela ground. Considering the diversity among the visitors, outreach activities were conducted using various approaches such as interaction with individuals and groups about biodiversity and cleanliness of Ganga, distribution of publications on cultural and ecological values of Ganga, visual media including videos, songs, street plays and rallies.

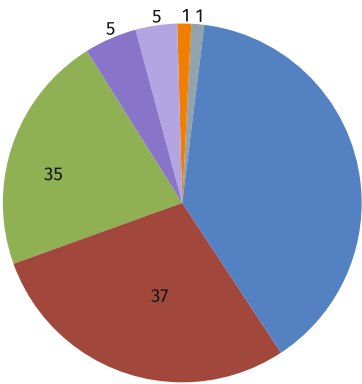

Ganga Prahari days invested in various activities during Kumbh Mela

All forms of mass awareness activities were undertaken in an inclusive manner, with the aim of creating confluence of spiritual beliefs and scientific knowledge. Regular interactions with Doordarshan news team and other media houses were held to spread the message of Ganga Prahari Kumbh Programme to larger audience.

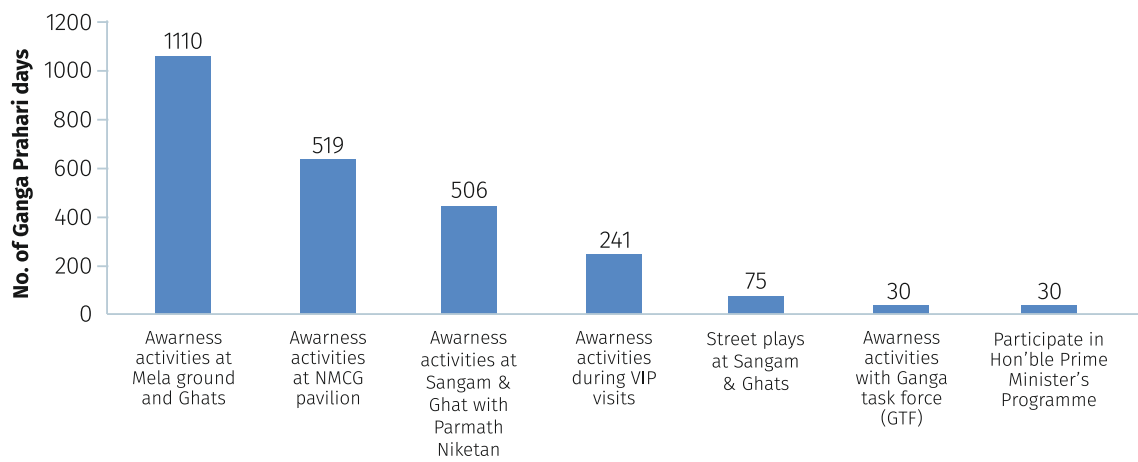

- Mela ground and ghats along both rivers
- NMCG Pavilion
- Sector 18- Parmarth

Ganga Prahari days invested at various locations of Kumbh Mela ground

- Awareness activities at NMCG pavilion
- Awareness activities at Mela ground and Ghats
- Awareness activities at Sangam Ghat with Parmath Niketan Ashram
- Awareness activities during VIP visits
- Street plays
- Awareness activities with Ganga task force (GTF)
- Participate in Hon. Prime Minister Programme and assist the team

Number of awareness activities conducted at NMCG pavilion, Ghats and Kumbh Mela ground

Awarness activities

The NMCG pavilion saw a sizeable footfall on a daily basis, and also hosted multiple public names on occasions. These public figures including Shri Nitin Gadkari, Hon'ble Minister of Water Resources River Development and Ganga Rejuvenation (MoWRRD&GR), Shri Siddhart Nath Singh, Hon'ble Health Minister, Uttar Pradesh Government, Dr. Satya Pal Singh, Hon'ble Minister of Human Resource Development and State Minister MoWRRD&GR Uttar Pradesh, Shri U.P. Singh, Secretary, MoWRRD&GR and Shri Rajiv Ranjan Mishra, Director General, NMCG, all interacted with the Ganga Praharis about the project, their efforts to clean the Ganga River and conserve its biodiversity, and the progress made so far. The response of the visitors was very positive and they shared words of encouragement and suggestions to further improve the methods and efforts.

◀ Ganga Prahari days invested for various awareness and outreach activities

The team of Ganga Praharis deployed at the Parmarth Niketan pavilion was involved in cleanliness of Ghats along the Ganga and Yamuna Rivers, and Sangam area. They also conducted awareness activities in collaboration with the Ashram and sensitized the pilgrims about spiritual and religious importance of the river and contribution of biodiversity towards these services. A group of Ganga Praharis was trained in performing street play also performed street plays and songs at Parmarth Niketan premises, which not only attracted visitors but many of them came forward to join the cleanliness drives later.

Dr. Satya Pal Singh, Hon'ble Minister, MHRD, State Minister, MoWRRD&GR Uttar Pradesh and Shri U.P. Singh, Secretary, MoWRRD&GR interacting with Ganga Praharis and WII Team.

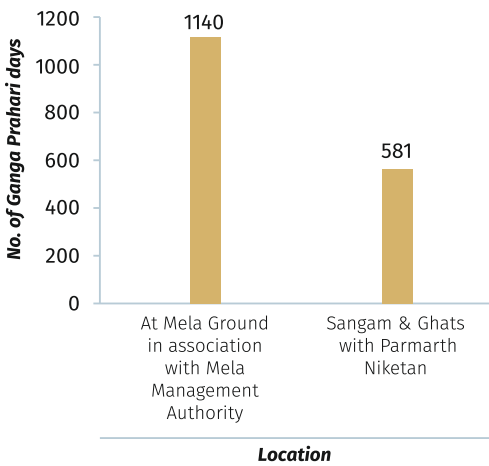

Cleanliness and sanitation drives

Cleanliness and sanitation of the Kumbh Mela ground was another major agenda of the programme. The garbage and various forms of pollution, being extremely hazardous to the ecological integrity of the river, was regularly cleaned.

A total of 77 cleanliness drives were conducted at Kumbh Mela ground and Ghats along the banks of Ganga and Yamuna Rivers with an investment of 1721 Ganga Prahari days.

During cleanliness drives Ganga Praharis not only cleaned the Ghats but also informed the visitors about the location of dustbins and toilets and encouraged them to use the facilities and contribute towards cleaner Kumbh. Visitors and locals were also advised against using soaps and detergents in the rivers. Additionally, a team of Ganga Praharis was deployed with sanitation department of Kumbh Mela Management Authority who conducted regular sanitation and cleanliness drives along the Ghats with maximum pilgrim footfall.

Ganga Prahari days invested in cleanliness and sanitation activities conducted during Kumbh Mela

Biodiversity survey and rescue of aquatic animals

The Ganga Prahari team deployed at the Ghats conducted awareness and cleanliness activities and also regularly surveyed the Ghats for presence of aquatic species and rescued those in stress. A checklist of species was also prepared for the same. This data may further be used to develop mitigative strategies.

A total of 37 bird species and one species of turtle (Indian flapshell turtle *Lissemys punctata*) were observed. The most abundant species was the Brown Headed Gull. Flock of thousands of gulls were always present at the confluence due to availability of readymade food which was offered by the tourists and the pilgrims. Species like River Lapwing, Little Ringed Plover, Red Wattled Lapwing, and Black Winged Stilt shifted closer to the confluence after the crowds retreated.

The Praharis conducted rescue and rehabilitation operations for aquatic species in distress, with the help of two para-veterinarians. Several instances of visitors trying to catch the birds, mainly gulls, at the Ghats, were reported and stopped by Ganga Praharis. During Kumbh two individuals including one gull and one turtle were rescued from Ghats and released back in the River with support from veterinarians at sites.

LINKAGES WITH
OTHER
GOVERNMENT
PROGRAMMES

During the Kumbh Ganga Prahari Programme, linkages were established with other government Programmes and schemes that are working towards the similar goals. WII collaborated with GTF for effective training and implementation of Programme, Jan Dhan Yojna for opening bank accounts of the Ganga Praharis for smooth and transparent digital payments, Ganga Vichar Manch for conducting awareness and cleanliness drives, supported Kumbh Mela Management Authority at Kumbh ground and Ghats for conducting cleanliness drives and helping and guiding visitors.

Dr. V.B. Mathur, Director WII, addressing Ganga Praharis, members of GTF and Kumbh Management Authority.

Ganga Praharis and WII team members explaining activities conducted by WII and other agencies under NMCG’s initiative
